THE GREAT DISFIAL SWAMP.

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Bysville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Clay City Lum. & Stave Co. guarantee satisfaction.

A Novel Canvass.

A Campton special says: Rev. John R. Hobbs, ex-Jailer of Wolfe county, has announced himself as a candidate for the Democratic nomination for Congress in the Tenth District. Mr. Hobbs intends to canvass the district afoot. His wife is an expert banjo picker, and she will accompany him over the district and furnish the music.

When Mr. Hobbs made the race for Jailer he borrowed a tow linen suit, and instead of wearing shoes he wore moccasins. This time he says he intends to canvass the district in his shirt sleeves and barefooted. He has a strong voice and can make a very creditable speech. He has been a minister of the gospel for fifteen years.

It seems that real Spring weather is very slow about coming. It is too cool for anything to grow much.

A young man recently got even with a girl who had jilted him. He sent her a request to go driving, and when she had joyfully accepted and rigged herself out in her best clothing, he sent her a hammer and a box of nails, with the information that she could drive all she pleased.

In Louisville last Friday two little negro boys were tried for stealing a nickel and both were found guilty and received a sentence of five years in the penitentiary. Back and other thieves who steal their thousands get off from punishment, but poor ignorant picanninies are made to suffer with a vengeance. The Governor should pardon them at once. —Exchange.

Because a woman is engaged in teaching the young idea how to shoot, does not follow that she should have powder all over her face.

Positively guaranteed for Throat and Lung troubles by C. C. Lum. & Stave Co. 50c and \$1. Trial bottles free.
